

Dear Parents,

Examination is an assessment of the prescribed syllabus for a particular term. It is to check and see how much a pupil has conceptualized during the given time period.

Thus a combine effort of pupils, teachers and parents.

So, let us take the examination sportingly and positively.

We shall begin our Second Terminal Examination 2023-2024 from tomorrow that is Thursday, 5th October 2023. You are requested to go through the time table set and follow the timing given.

There are certain things which you need to take care of :-

- 1] Parents are requested to see that their ward take enough rest, sleep and have proper breakfast before she comes to school.
- 2] Your ward must bring her umbrella or a rain coat along with her to the school if it rains.
- 3] If in case, your ward is suffering from cough and cold, please send them wearing a mask.
- 4] It is a humble request to the parents not to come to school in between the examination period to collect their ward unless there is an emergency, thus help us in the smooth conduct of the examination.
- 5] You are requested to see that your ward does not over exert herself by staying awake late night.
- 6] You are also requested to help your ward in her preparation for the examination by providing with a stress free environment at home and also counsel their ward if she is in anxiety.
- 7] Examination phobia is what which distresses a child so it is a kind request to all parents to talk and relax their ward regarding the same.
- 8] Third quarter fee deposition both offline & online can made between 5th Oct 2023 to 20th October 2023. You are requested to do the needful on time.
- 9] Pupils are to abide by the strict rules for the examination. Encourage your ward to write the examination with utmost sincerity and give her best.

Your co operation will be greatly appreciated.

Wishing all the pupils the very best for the forthcoming examination.

With best wishes

Dr. Josephine

Principal
